A screenshot of the AZENTIO application interface. The top navigation bar includes the AZENTIO logo, user information (User: JASIN, Company: 14.7 Oracle BAJ, Branch: ICD Treasury-Invest), the date (21 July 2023), and various system icons like Full Screen, Options, Advanced Options, Switch View, Home, Log Out, and Help. A language selection dropdown is also present. The main menu on the left shows 'Parameters' as the selected item under 'Menu Options'. The bottom of the screen displays a copyright notice: 'Copyright ©2023 Azentio All Rights Reserved MAL IIS Parameter 14.7.0.0 Build 225' and a 'Powered By AZENTIO' logo.

(Step) AFTER\_STEP - iisParamsStepdefinitions.HooksClass.addScreenshot(io.cucumber.java.Scenario)

The screenshot shows the AZENTIO application interface. At the top, there is a header bar with the AZENTIO logo, a user profile icon, and the text "User : JASIN", "Company : 14.7 Oracle BAJ", and "Branch : ICD Treasury-Invest". To the right of the header are links for "Full Screen", "Options", "Advanced Options", "Switch View", "Home", "Log Out", and "Help". Below the header is a sidebar titled "Menu Options" with a tree view. The "Parameters" node is expanded, showing "Forex Deal purpose", "Control Record", "Collateral Type", "Upload Security Price", "Maintain Security Price", "Leased Asset", "Ar-Rahn Unit Price", "Product Category Control Record", "Product Sub Category", "Product Type", "Charges", and "Maintenance". The "Maintenance" node under "Charges" is highlighted with a yellow background. The main content area is currently empty. At the bottom of the screen, there is a footer bar with the text "Copyright ©2023 Azentio All Rights Reserved MAL IIS Parameter 14.7.0.0 Build 225" and "Powered By AZENTIO".

**(F) IIS Parameters Module - Charges maintenance Screen**

(Step) AFTER\_STEP - iisParamsStepdefinitions.HooksClass.addScreenshot(io.cucumber.java.Scenario)

This screenshot is identical to the one above, showing the AZENTIO application interface. The main difference is that the "Maintenance" node under the "Charges" category in the "Parameters" menu is now explicitly highlighted with a yellow background, indicating it is the selected or active module. The rest of the interface, including the main content area and footer, remains the same.
